Dear Mr Bayley

I refer to your email request of 30th December 2000, regarding creating links to Commonwealth web sites

<http://www.dsd.gov.au/infosec/Gateway/>

<http://www.dsd.gov.au/infosec/pdfdocs/GCG.pdf>

<http://www.dsd.gov.au/infosec/pdfdocs/acsi33.pdf>

http://www.dsd.gov.au/infosec/draftacsi33/acsi_index.html

<http://www.dsd.gov.au/infosec/acsi33/>

There is no problem with creating links to these Commonwealth web pages subject to:

- ❖ No framing of the Commonwealth web page
- ❖ The Commonwealth web page is not used in such a way as to appear to endorse the site it is linked from
- ❖ There is no notice on the Commonwealth web site which indicates that no deep links should be created

In addition if you want to add the contents to your web site, please use the following:

Permission is granted to reproduce the material on a non-exclusive, non-transferable basis without charge for the specific purpose requested subject to no sale or commercial usage of the material and inclusion of an acknowledgement giving the full title of the source, the author or author body, publisher and date of publication, followed by the words **'Commonwealth of Australia copyright reproduced by permission'**.

Yours sincerely
